Completed both the SAT and IGSCes/A levels in Biology and Mathematics.
Received the certificate of academic excellence from the Consulate General of Lebanon in Jeddah, Saudi Arabia

Professional Experience

Post doctoral research fellow, *University of Michigan* 01/2024 – present | Ann Arbor, United States
I currently work at MIITT (Michigan Institute of Imaging, Technology and Translation) as a postdoctoral research fellow under the guidance of Dr. Hero Hussain to produce research in the field of Radiology, more specifically research regarding Magnetic Resonance Imaging (MRI).

Elective in Interventional Radiology, *Cleveland Clinic* 03/2023 – 04/2023 | Cleveland, Ohio, USA
I spent a month participating in procedures and the post-procedure care of patients at the Interventional Radiology department at Cleveland Clinic. I worked with Interventional Radiology fellows and attending physicians.

Observership in Diagnostic Radiology, *University of Michigan* 02/2023 – 03/2023
Ann Arbor, Michigan, USA
I spent a month shadowing residents, fellows, and attending physicians in the Abdominal Radiology department at the University of Michigan.

Freelance Editor, *Cactus Communications* 09/2022 – 12/2022
I spent a couple months working remotely as an editor for Cactus Communications, where research manuscripts are edited, rephrased, and formatted for clarity in line with various journal guidelines.

Usher, Office of Communications, American University of Beirut

02/2017 – 05/2019 | Beirut, Lebanon

I spent 2 years working at the Office of Communications at AUB, where we worked to set up multiple large events around campus including academic competitions and graduation ceremonies. The nature of the work was diverse but mostly utilized social skills.

Research Experience

A Step Closer to Personalized Treatment of Hepatocellular Carcinoma

2023 – present | Ann Arbor, Michigan, USA

An editorial on the current status of the treatment of hepatocellular carcinoma

Mentor: Dr. Hero K. Hussain from the University of Michigan.

The article has been published in Academic Radiology

<https://doi.org/10.1016/j.acra.2023.02.028>

General Versus Locoregional Anesthesia in TEVAR: An NSQIP Analysis

2021 – 2022 | Beirut, Lebanon

An original research article at the American University of Beirut Medical Center and mentored by Dr. Jamal Hoballah and Dr. Miran Jaffa.

The article has been published in the “Annals of Vascular Surgery” journal.

<https://doi.org/10.1016/j.avsg.2022.10.008>

Corticosteroids in COVID-19: Pros and Cons

2022 – present | Beirut, Lebanon

A review article that was done at the American University of Beirut Medical Center and mentored by Dr. Mariam Arabi, this article has been published in the "Frontiers in Medicine" journal.

<https://doi.org/10.3389/fmed.2023.1202504>

Volunteering/Extracurricular Activities

Founder of the Lebanese Radiology Interest Group (LRIG)

2022 – present | Beirut, Lebanon

I have founded and continue to work with our interest group focused around fostering interest in the field of Radiology, by organizing events such as interactive lectures, hands-on educational activities, medical student conferences, and fundraisers for special causes. It involves a team of medical students including members from multiple universities across Lebanon.

Obstetrics/Gynecology Interest Group (OGIG), Humblebee (pediatrics), HEAL (LGBTQ+, migrant workers, and individuals with intellectual disabilities), and Grow Old/GOLD (elderly)

2021 – 2022 | Beirut, Lebanon

During my clinical years (Med III & IV), I have been a clinical volunteer for various free clinics at the American University of Beirut Medical Center (AUBMC) that target disadvantaged populi. These clinics utilize AUBMC equipment and are arranged by student-led initiatives and are monitored by various attending physicians and residents from their respective fields.

Saint Jude Children’s Cancer Center of Lebanon (CCCL)

2018 – 2019 | Beirut, Lebanon

Volunteered in an inpatient unit to provide entertainment for children in a designated playroom.

Medical Research Volunteer Program (MRVP)

2017 – 2018 | Beirut, Lebanon

Worked for two semesters with the MRVP at AUB, transcribing interviews and data entry for a research project regarding the association between nutritional education and the incidence of iron deficiency anemia in Syrian refugees.
